As almost all sourceres, Tom was born with a physical defection. His father was particularly keen on making Ban's life miserable more than it already was, being a cripple and all. So, when he was found and given an invitation to Ban Ard, Tom decided he would rebrand himself. He would give thanks to the men and women he had trained under, the ones who had given a body that worked and did not judge him, for they too, had been there, in the dark. Now he is Ban and he seeks to make his mark on the records of magic!

Faits marquants: The pain of having his body fixed left a scar on his mind and occasionally, Ban could be found hallucinating wildly about things that no longer existed. This illness became a turning point in Ban's life, as he decided to make it his life's work to uncover the old, forgotten history of the world.
