Histoire

Lieu de naissance : Taol-Kaer - Duché d'Osta-Baille - Urbain

Classe sociale : Paysan

Revers :

The 3rd son of a middle class merchant family, His older brothers groomed to take over their fathers trading business when the time came. Louan could only see hard work and effort for what would amount to being very little so far down the order of things. At the age of 12 he melted into the crowd on a trip to Osta-Baille and never looked back. He spent 4 years on the streets of Osta-Baille just trying to survive on his own two feet. Pickpocketing, thieving and the odd paid job. Living off the wealthy and vulnerable but not always on his own terms. Through a job contact he found employ at the Deonides estate as a stable boy. Louan was treated as underfoot and invisible by most of the Deonides family but eyed with great suspicion by the house staff making things difficult.(...)

Faits marquants : Louan had a mischievous relationship with Jack's character that meant Louan didn't despise his life on the estate and made it somewhat bearable. Louan was made Jack's squire (/trade learning apprentice or something similar) the very day Jack was exiled, whisked up in the frenzy of activity the departure had made. Packed up and given marching orders. Louan couldn't go back to the streets empty handed, anything was better than that. Westwards to adventure or death..... yay!
