Ewyn has been told that he grew up in a large fishing village but doesn't recall much about it. His earliest memory is studying as one of two Ionnthen under the areas Demorthen. Together, the three of them traveled throughout the forest and hills studying the magics that are woven into nature itself. The final lessons which led to Ewyn finally acquiring his own Ogham stones left some profound marks - literally. Not entirely convinced it was a real bear that he faced down, Ewyn is ready to begin his own journey away from his mentor and rival.
